DETAILED ACTION

Drawings

1. The corrected drawings were received on March 25, 2004. These drawings are acceptable.

Claim Rejections - 35 USC § 102

2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
3. Claims 1-5, 8-10, and 12-16 are rejected under 35 U.S.C. 102(b) as being anticipated by Rose, European Patent number EP 0778,512 A2.
4. Detailed outline of how the prior art anticipates these claims can be found in item 6 of the prior office action.

Claim Rejections - 35 USC § 103

5. Claims 6, 7, and 11 are rejected under 35 U.S.C. 103(a) as being unpatentable over Rose in view of Pashley et al., US Patent number 5,978,833.
6. Detailed outline of how the prior art anticipates these claims can be found in item 8 of the prior office action.

Response to Amendment

7. Applicant's arguments filed March 25, 2004 have been fully considered but they are not persuasive.

Applicant argues that the prior art does not disclose the invention as described in applicant's specification. It is stated in the MPEP 2145, "Although the claims are interpreted in light of the specification, limitations from the specification are not read into

Art Unit: 2134

the claims. In re Van Geuns, 988 F.2d 1181, 26 USPQ2d 1057 (Fed. Cir. 1993)". The examiner believes the claims are still anticipated by prior art, as stated in the prior office action. Since applicant has not amended the claims to differentiate them from the prior art, the rejection stands as previously presented. As to applicant's statement that Rose fails to disclose the order comprising a unique ID, which is then included in the application, applicant is again referred to the first 2 paragraphs of column 9 in Rose.

Conclusion

8. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
